Our recommendations:

- There is a towel in every room, but it's not allowed to take this to the pool or beach, so it is recommended to bring your own, an extra to the towel provided by the hotel, You shall need it for that seven days, a looonng time indeed!
- Bring earplugs in case you might be disturbed by your snoring roommate or by the nearby disco music. We are close to loudy night and beach parties too!
- Hopefully we shall have a pleasant hot weather, so whoever has an electric fan do bring it! Raincoat is strongly recommended too, as you have to walk between dance halls only 30 meters in case of rainy weather.
- The hotel has its own 20-meter swimming pool!
- No matter which hotel are you staying at, Hotel Europa and Hungaria ground are the main base. Between these hotels there is a 250 meters long closed private beach of Lake Balaton. Only those may enter in this ground with the wristband which is required to be shown automatically at the reception (please show it to the receptionist without requested!) It is our own interest that strangers should not sunbath on our little beach!
- Sunbeds, shade-umbrellas are FREE to use! Please take care of them because we have to pay for any damage! Please do not reserve them for the full day if you plan to use only for one-two hours!
- Between the two hotels, behind the grand event hall, there is a small boutique where drinks, snacks can bought for fair price, otherwise you can check several shops through the nearby Petőfi promenade!

Policy

or Frequently Asked Questions (FAQ) answers for all questions (even the non-asked ones too...)

First of all our requests below are here listed for assure pleasure and joy for all participants, both for students and instructors. Having the experiences of several previous years' salsa camps and numerous similar events, we tried to express those expectations, that could help everyone to avoid unpleasant affairs or any other troublesome occurrence.

Have a nice time, a lot of groove and joy in our salsa camp! Vamos a bailar!

1 wristbands

Everyone (instructor or student) **must wear** the wristbands - which meet all official hygienical requirements – during full time of the camp. We give two wristbands. One, which also has your room number on it, ensures that the hotel staff knows that you are member of the camp and that you are entitled to have your meals at the restaurant. The room key will be given only to that person, who has the relevant room

number on her/his wristband. The other band indicates the level of dance skills and that you can take part in those lessons which meet your level of dancing. Not all our instructors do know personally every student, although we have tried to appoint our teachers accordingly. We ask you all to ease our work by wearing these wristbands.

If anyone's wristband is damaged or broken, he/she **must immediately notify an instructor** about, so we can resolve its replacement. There is a limited number of available wristbands, so we ask **EVERYBODY** to take care as much as possible.

IMPORTANT: Entrance to the camp is possible only at the reception at Hotel Europa and Hungaria, whether you live in another accommodation, or just jump out for a quick snack or go for a walk, whenever pass the reception area, we ask you to show AUTOMATICALLY the camp wristband without warnings. Please do understand that this is for your own interest as we do not wish to allow any strangers to enter the camp.

2 accomodation

Campsite locations:

Hotel Europa and Hungaria - are the base (<http://hcseurope.hu/en/>)

Whichever hotel you are staying at, the wristband entitles you to use the services provided by Hotel Europa and Hungaria or the Salsa Diabolica Dance School in this area (classes, parties). Of course, if you stay in Hotel Lido, you can sunbath in Lido's garden, but you can use the pool, sunbeds at the area of Hotel Europa and Hungaria as well.

There is no possibility to change rooms or roommates according those requested in the application form.

3 meals

The meal times are given in the schedule! Hotel Europa and Hungaria are hotels owned by the same company therefore Hungaria and Europe hotels are considered as one hotel with two buildings and its restaurant can be found in Hotel Europa. Generally speaking, breakfast and dinner are served at the hotel you are staying at and lunch only in Europa

Lido has its own restaurant breakfast and dinner are provided there, whereby the lunch is at Europa. Wherever you stay, lunch always provided at Europa only.

There is not enough room in the restaurant for all of us to eat at the same time, therefore, the timetable has been structured to overlap between meals and dance times. Hopefully, there will be no disruption. If, however, there are some times still ques, we ask you to be patient and tolerant to each other and also to our hosts who are doing their best for our feeling good. There will be plenty food for Everybody

4 location of workshops

We plan to teach in 4 locations, for 8 (7 hungarian 1 english language) groups, so despite the large number of participants a proper size class can be taught.

Our classrooms:

800sqm conference hall: (high ceiling, linoleum tapestry) is located between Hotel Europa and Hungaria (it's marked as "800m2" on the map)

175sqm event tent: (high ceilings, "bio-AIR-conditioning" – fresh air comes in when we open the side of the tent, wooden floor covered with linoleum) you will find it between the 800sqm conference hall and Hotel Europa (is marked as "175m2" on the map)

150 event hall: this is actually the restaurant of Hotel Hungaria, which is used as an event hall as well (air-conditioned, marked as "150m2" on the map) is in the Hungária building

100sqm hall: this is located in front of the reception of the Hungaria Hotel (next to the 200sqm room)

It can be said that there are no classes at Hotel Europe where we eat and sleep only and all classes held between the two hotels or at the Hotel Hungaria. The salsa party evening will be in the 800sqm conference hall with a view to lake Balaton (the SHOP will be there too), and the sensual party at the Laura bar on the ground floor of Hotel Europa which is between the reception and the restaurant

5 teaching levels

As we already have mentioned, wristband colors are to inform about students' level, which certainly makes easier to participate in workshops.

Since the number of participants is somewhat higher than last year, we created different classes: 7 will be held in Hungarian and 1 in English. Subjectively one can participate **ONLY** in his/her own salsa class!

If one would like to attend to a lower level salsa class (comparing to his/her own workshop) is also possible, **in case** instructor gives permission!

Generally gender ration shall not be equal, so most probably there will be more possibilities for change.

Since the number of students and size of halls have a determining effect on classification, it is not always possible for students in couple to join another workshop .

In each case **it is the instructor who has the right to decide about!**

We kindly ask you to respect instructors' decision!

This way we can avoid overcrowded and non-joyable workshops.

6 fakultative workshops

The facultative workshops will be in the 800sqm, 175sqm and 150sqm halls. Although these workshops are for all regardless level we shall indicate the suggested level of these facultative classes in each case. In addition, we try to make it possible for everyone to choose between the classes held at the same time according to their level or interest.

7 dress code

At all workshops, being salsa or other facultative, regardless of sex, age or social affiliation, we kindly ask everyone to follow the below listed standards:

- covered upper body (bikini top for ladies is **NOT enough!!!**)
- sneakers proper use for stone, tapestry, linoleum is highly recommended
- lid or cap, if workshop held outside under strong sunshine
- change sweated T-shirt, athlete polo or use towel between workshops if necessary
- in the restaurant covered upper body is **a must!**
-

8 beginning of workshops

We try to begin workshops at the given time sharp, in order to finish on time. Please help us to make it possible by your in time appearance!!

9 our participations'guests

Receiving guests during the salsa camp is **allowed ONLY outside the territory of the hotel!** (beach, garden-yard)

Parties are also private, the right is reserved only for the 450 participants of the salsa camp.

We assure all rights **ONLY for our students** who paid all fees for the whole period of salsa camp, which includes the right to party every night in the hotel.

Organizers have the right to check and identify everyone, and if he/she does not have wristband, can ask to leave.

10 night parties

Parties start right after workshops and last till 02am and as all workshops shall start in the morning, so both students and instructors need proper rest. Of course, later, during the second period of salsa camp, at the weekend we will expand its time a bit...

Kubaisalsa Kft. /Address: 1083 Budapest Prater st. 52 V./30

tax reg. no:23464887-1-42, firm re.no:01-09-966796) mentioned as ORGANISER does inform all participants about its 18th Salsa Diabolica Summer Camp held 16-22 August 2021 about the following:

There will be photo-sound-video taken in workshops for use its official site in Facebook for PR and documentation.

Accordingly during workshops, for participants shooting video is STRICTLY FORBIDDEN! Exception: to take videos only in the last 5 minutes of the workshop, when instructors can be asked to show figures or choreography. All these videos should be for private use only!

12 Wifi

Free WIFI is available on the ground floor of the hotel. Its speed is not suitable for downloading video or use of skype, but only to see letters! Code at the reception!

13 Room key

Each room has only 1, meaning ONE key. For couples or those, who move around together have less importance, but where are living 2 or 3 "strangers" together, it is important to drop the key after leaving the room at the RECEPTION!

In case the room is closed, roommates will look for the key at the reception! The receptionist gives the key only for who has the proper room number on wristband.

It is recommended for roommates who meet first as strangers, that after introducing should exchange right away phone numbers thus to ensure that each person finds the other, who still holds the room key.

14 Timetable and programmes online

As wifi is free in the hotel and we have our phone with us always, we strongly suggest for ease exchange of infos, please do visit our site frequently, where You find all actual infos at: **salsadiabolica hu/en**

14 Problems, worries

We are happy, when You are, is a kind of our slogan, as the camp is organized for You and not for us. So in case You have a problem to be solved by the hotel (as asking for room cleaning or get a small pillow, etc.) or one You have to solve (how to reband Your shoelace, hahahaha) look for ROZSO to help: 0620-9378-013

(in case he does not answer might be busy to get his children asleep or just solving a problem for somebody else) but he shall recall You certainly and shall do all what he can. But if we do not have info about any problem of Yours, we can not help...

We reserve the right to change the program!

Wish You a content- experience- and joyfull, pleasant, camp!
